## Winter Internship Exchange Program 2009

To gain **International Working Experience** and develop leadership skills in Winter Break

**Student**  
**Information**  
**Package**

## Introduction

With our society becoming more diverse with other cultures and people beliefs, it is natural and right to learn other cultures and languages to keep up to date with the change. This AIESEC exchange internship program aims to provide an opportunity for participants to **enhance their language ability** and at the same time **gain international working experience**. It is specially designed for students who are willing to **do projects or education** in Asia Pacific countries..

## What does this program offer?

### An Opportunity to...

- Set up issue based projects or work with NGOs
- Work with international interns
- Experience local life in foreign countries
- Deepen understanding of foreign culture
- Discover the uniqueness of own culture and heritage
- Develop participants to be more sociable and **globally well-rounded**
- Stimulate creativity and broaden the mind
- Educate students in AP countries

This exchange program provides a platform for **both undergraduates and postgraduates** to gain international working experiences, to enrich their competitiveness professionally and culturally.
